Retraction

Retracted: Enhanced P2P Services Providing Multimedia Content

Advances in Multimedia

Advances in Multimedia has retracted the article titled "Enhanced P2P Services Providing Multimedia Content" [1].

This article has been retracted as it is essentially identical in title and technical content with a previously published paper in Proceedings of the IASTED International Conference on Web Technologies, Applications, and Services (WTAS'05). The earlier publication is L.-S. Wu, R. Akavipat, and F. Menczer, "6S: distributing crawling and searching across web peers," in Proceedings of the IASTED International Conference on Web Technologies, Applications, and Services (WTAS'05), pp. 159–164, Calgary, Alberta, Canada, July 2005.
